Love & Friendships

“GOOD FRIENDS FILL YOUR LIFE WITH JOY,
YOUR SOUL WITH SUNSHINE,
&
YOUR HEART WITH LOVE.”

This month was all about taking a second to appreciate and acknowledge the friends and family that surround us everyday. Everyone practiced sharing, kindness, and inclusivity. A lot of time was spent laughing and creating new memories to grow friendships. Overall, it was a successful and eventful February. We also learned that a little kindness can go a long way.

SALT DOUGH PAINTING

The salt dough projects that were created last month were finally dry enough to paint! Each student created a heart (for Valentines Day) and an extra item with their left over dough! There were roses, stars, pizzas, and shapes!

POPCORN PARTY

What is a Popcorn Party? As a Valentines Day treat, the students voted on a Magic School Bus episode to watch after snack time. In addition to everyone decorating a heart, they also enjoyed a cup (or two) of popcorn and kettle corn.
