

# SCHOOL NEWSLETTER

THIS MONTH'S THEME:

# Colors & Light

# Fun In The Gym

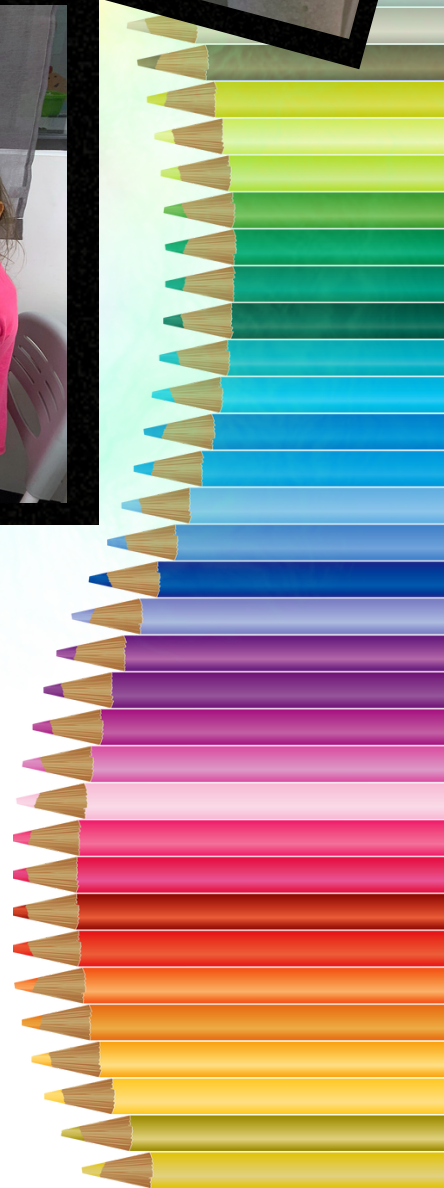

The gym has been such a great place to get creative this month. Our rising stars have practiced gymnastics, built many forts, and even played fun games like maze tag or hide and seek.

# Exploring Textures

We made “cloud dough” this month and learned that just a couple of simple ingredients can make something really fun!

# M&M Color Mixing

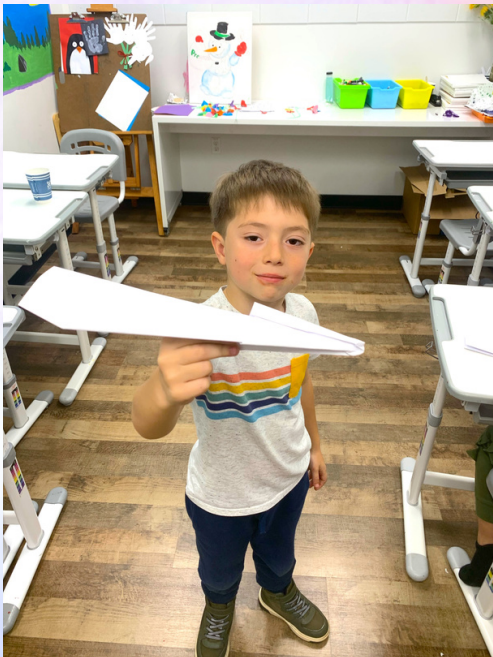

Our color mixing M&M activity was a favorite this month! We got to observe which colors took the longest to diffuse and which took much less time.

## Extra Activities

# Paper Airplanes

There was an immense interest in paper airplanes this month so the kids decided to make their own! They learned a few different plane models and are now decorating their planes for our flying contest next month!

## Next Month's Theme:

# LOVE & FRIENDSHIPS
